

HEC-300FE-2RX

Technical Details

TFX Form Factor , with 1 x 8 cm fan

The HEC-300FE-2RX power supply has Active PFC and is suitable for applications at 230V. It works very quietly and is designed for slim-line series like our 7K-and 73-series chassis.

Features:

- Passiv PFC
- Extreme low noise
- Temperature: 10~40 °C
- Efficiency: min. 72% at full load
- Short-circuit protection
- Overload protection
- Surge Protection
- TUV & CE approved
- Input current: 230 Vac, 50 Hz
- 8 cm fan
